

"My PTC GMP Journey" winners announced

PTC announced the winners of the "My PTC GMP Journey" photo contest on June 24 as part of the company's Day of the Seafarer (DOTS) celebration. Taking inspiration from the International Maritime Organization's (IMO) theme for this year's DOTS campaign, the contest invited Global Maritime professionals (GMPs) to send photos of their first and most recent voyage while sharing the changes that they have seen in the maritime industry throughout the years.

Winning first place was Ugland's Jerome Concepcion who shared how advancements in the safety of vessels and their passengers, improved means of communication with his loved ones at home, and increased awareness of his strengths as a seafarer are among the most significant changes he observed during his four years of working at sea.
